

The Learning Coach badge or logo comprises the torch of knowledge, surrounded by a laurel wreath, contained within a circular belt or garter. Each has its own symbolic meaning.

The torch means 'learning'. It was used on old road traffic signs to denote a school.

The laurel wreath represents 'achievement', and was often presented to winners of races or other events.

The belt, or garter, is to unite all those within to come together as one.

The Learning Coach badge, therefore, helps show that all those who learn together will progress better to help create a better future for all.
